Professional Summary

I thrive in a creative environment. Working closely with designers, developers and clients I strive to make every project as accessible and intuitive as possible for the end user. My main focus is front end development and design but I also have an interest in APIs, processes and web servers.

Qualifications

- Ruby and Rails
- Javascript (ES6, Coffeescript, jQuery)
- [Git](#)
- Sketch, Invision, Photoshop, Illustrator
- Node, React, Ember and [Webpack](#)
- [CSS3 \(Sass\)](#)
- Ubuntu servers, Nginx, Digital Ocean, Heroku

Education

George Brown College - *Design Management*

September 2007 - April 2008

University of Guelph - *Bachelor of Arts with Honours - Fine Art*

September 2000 - April 2005

Interests

In the last year I was an organizer for the Embrace UX conference (embraceux.com) in Hamilton, I've mentored for Ladies Learning Code in Hamilton and I have volunteered for local political issues like public transit and various elections.

Currently most of my spare time is been spent with my family. I also enjoy painting (society6.com/eimaj), design (eimaj.net/pixel.html), strumming guitars, gardening and sailing when I can find the time.
